

## WELCOMING OUR SPRING II FELLOWS

The Lighthouse Works is pleased to welcome **Corina Copp, Mary Hill, Patrice Renee Washington, and Crys Yin** to Fishers Island. Our Spring II Fellows were selected by independent panels from a pool of over 800 applicants and will be in residence from **May 9 until June 20**. While our fellows' primary obligation is to the solitary pursuit of their creative work, we do ask every artist to participate in some public events. These events are great opportunities for our community to meet our fellows, see and hear about their work, and learn about their time on Fishers Island. **All are welcome; you don't need to know anything about art or writing to attend and enjoy!**
